SUMMARY

Full-Stack Developer with strong experience in Python and Django for building secure and scalable backend applications. Skilled in developing responsive user interfaces using HTML, CSS, JavaScript, and React.js. Experienced in designing and managing relational databases using MySQL. Proficient in version control using GitHub and following clean coding and best development practices. Passionate about building efficient web applications and continuously improving technical skills.

TECHNICAL SKILLS

- **Programming:** Python, JavaScript
- **Web Technologies:** HTML, CSS, React.js
- **Version Control & Tools:** Git, GitHub, VS Code
- **Database:** MySQL
- **Core Concepts:** OOPs, SDLC, REST APIs, Debugging
- **Productivity Tools:** MS Office Suite (Word, Excel, PowerPoint)
- **Framework:** Django

EDUCATION

Bachelors of Technology (CSE - AI&ML)	2021 -2025
Kakinada Institute of Engineering and Technology II	CGPA 7.5 / 10
Intermediate(MPC)	2019 - 2021
Sri Chaitanya Junior college	CGPA 7.5 / 10
SSC(10thClass)	2018 -2019
Srujana English Medium High School	CGPA 8.5 / 10

ACADEMIC PROJECT

SENTIMENT ANALYSIS USING BERT AND TRANSFORMERS

- Built a sentiment classification model using pre-trained BERT with Hugging Face Transformers
- Built a sentiment classifier using pre-trained BERT and Hugging Face Transformers
- Classified keyword-based inputs into **Positive**, **Negative**, and **Neutral** sentiments
- Achieved **F1-score of 92%** and **precision of 91%** through fine-tuning
- Developed a **Gradio UI** for real-time sentiment analysis via keyword input
- **Technologies Used:** Python, BERT, Hugging Face Transformers, NLP, Gradio, Scikit-learn, PyTorch
-

GYM MANAGEMENT SYSTEM | [Live](#) | [Source code](#)

- Developed a web-based Gym Management System using **Django** to manage gym members, trainers, and memberships
- Implemented **user authentication and role-based access** (Admin, Trainer, Member) using Django
- Designed and maintained **relational database models** using Django ORM
- Built **CRUD operations** for member registration, trainer management, and membership plans
- Created dynamic user interfaces using **HTML, CSS, JavaScript, and Django Template**
- Developed an **admin dashboard** to manage users and gym activities
- **Technologies Used :** Python, Django, HTML, CSS, JavaScript, MySQL , Git, GitHub, VS Code

CERTIFICATION

- Completed the Salesforce Developer Virtual Internship offered by Salesforce.
- Successfully completed the AI/ML Virtual Internship certified by Eduskills and offered by Google.
- Successfully completed the Python Full Stack certified by Eduskills and offered by Google.
- Completed the Machine Learning with Go Course on Infosys Springboard.

SOFT SKILLS

- **Quick learner:** Efficiently adapts to new tools and technologies.
- **Problem-solving:** Quickly identifies and resolves issues.
- **Time management:** Prioritizes tasks and meets deadlines reliably.
- **Communication:** Clearly conveys ideas and fasters teamwork.
